Chris,
I spoke with Apple today and she said you might be able to help us craft some questions t Ex. 5 Deliberative Process / Ex. 7(A)

Ex. 5 Deliberative Process / Ex. 7(A)

It seems that if we have records of when gas started registering at the city gate we could compare that to when they say initial flowback stopped?

And I don't know anything about HF with N2, so any help there.
